

The Benefits of Using SeaDek

Your Customers Deserve SeaDek

SeaDek Marine Products Set Your Business Apart

Are your customers asking about SeaDek? SeaDek has taken the marine industry by storm with their superior alternative to carpet and molded-in non-skid, and revolutionized the way people think about marine flooring. Today's boaters are turning to SeaDek for its blend of comfort, safety, and style.

SeaDek is the #1 non-skid solution for slick boat surfaces, and its soft, shock-absorbing properties drastically reduce pain and fatigue caused by long days on the water.

Made from a unique formula of UV resistant closed-cell EVA foam, SeaDek will not absorb water, cleans easily, and is guaranteed to stand up to the demanding conditions of the marine environment.

For easy peel-and-stick installation, SeaDek utilizes a robust 3M™ pressure sensitive adhesive that ensures a strong and lasting bond. With a strong dedication to customer service and quality manufacturing, all SeaDek products are proudly made in the USA at their Rockledge, FL, production facility.

Need to update the image of an older boat?

Consider SeaDek as an option for increasing the resale value of used boats and trade-ins. Seadek can make a late model boat modern and appealing to customers with minimal cost and effort.

We offer an extensive selection of stock products that can usually be ordered and shipped the same day, including:

- Helm Pads
- Coaming Bolsters
- DIY Sheet Material
- Step Kits
- Fish Rulers

Want something a little more custom?

SeaDek is fully customizable, and with a wide variety of colors, textures, and thicknesses available, the options are virtually endless.

SeaDek has an international network of Certified Fabricators and Installers that specialize in serving the aftermarket quickly and accurately. These factory-trained professionals can travel to a customer's home or dock and take the custom SeaDek process from start to finish. Dealers without a SeaDek Certified Fabricator or Installer nearby also have the opportunity to work with the SeaDek factory on custom projects.

Stand out from your competition by offering SeaDek at your retail location or dealership!
