FOB HP

"The reference"

Certified by the French Bureau Veritas.

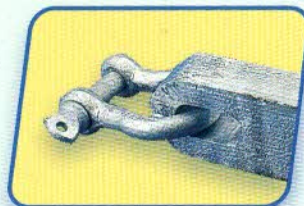

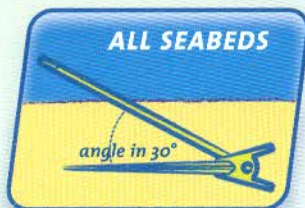

FOB HP

"The reference"

The FOB HP is certified as "high holding power" by the French Bureau Véritas. It has been tested in **all weathers** and on every type of seabed. The HP's unique **design geometry** is what gives it its **excellent holding power**.

- Efficient
- Secure
- Easy to handle

- Oblong hole for easy shackle connection.

1 OPTIMUM ANGLE FOR IMMEDIATE GRIP

angle in 30°

2 CROWN DESIGN ENSURES COMPLETE "BURYING"

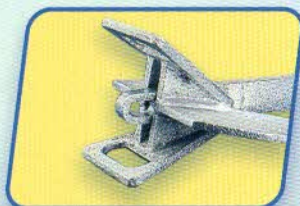

Made of galvanized steel or stainless steel (mirror polished).

3 POLYVALENCE

- High efficiency through design geometry.
- Rounded flukes' profiles give greater "working" area to increase ground holding.

Chock anchors

To store the anchor on the deck. Item reference - 519001

- Oblong hole at the end of the shank allows in line mooring (for anchors of ≥ 10 kg).
